To Whom It May Concern,

On behalf of the Audiology Program at the Graduate Center of the City University of New York, I am writing to register our support for the proposed Audiology & Speech-Language Pathology Interstate Compact legislation.

Our understanding is that the legislation would:

- improve continuity of care
- improve portability for military spouses
- improve access to audiology and SLP providers
- increase choice of audiology and SLP providers
- facilitate alternate service delivery methods
- simplify and speed up current processes
- address portability and barriers to access
- allow for practice in the state where the client is located

Sincerely,

A handwritten signature in black ink, appearing to read "Brett A. Martin". The signature is fluid and cursive, with a large loop at the end.

Brett A. Martin, Ph.D., CCC-A
