Lexington, KY 40511  
RE: ASLP-IC Letter of Support

To Mr. Dan Logsdon and the National Center for Interstate Compact:

We are writing as the Audiology Program Director and Speech-Language Pathology Program Director/Chair of the Department of Speech and Hearing Sciences at Lamar University to support the Audiology and Speech-Language Pathology Interstate Compact. We believe that the benefits of increased mobility for patients and practitioners, meeting of new needs with the changing healthcare system, and aid this compact would provide in the provision of telehealth would outweigh any negatives of its enactment.

We join the American Speech-Language-Hearing Association in its support of the ASLP-IC and hope for positive response to this effort. Feel free to contact us if you have any further questions about this letter of support.

Sincerely,

*Ashley L. Dockens, Ph.D., Au.D., CCC-A*
