Council of State Governments

Dear Mr. Logsdon,

I am writing to you to express my strong support for the Audiology & Speech-Language Pathology Interstate Compact, which involves legislation that would allow audiologists and speech-language pathologists (SLPs) to practice across state lines. As the Chair and Program Director of a department that provides state-of-the-art training for speech-language pathologists who are dedicated to social justice and the support of culturally and linguistically diverse clients, it is important to give my students every opportunity to make a difference in the lives of their clients. I am extremely enthusiastic about this much-needed legislation, as it would provide mobility and self-efficacy to our future professionals.

Many thanks for all of your hard work and dedication. Please do not hesitate to contact me if you require further details.

Sincerely,

Laura Epstein (electronic signature)
