National Center for Interstate Compacts  
Council of State Governments  
1776 Avenue of the States  
Lexington, KY 40511

Two Whom it May Concern:

On behalf of the ASHA Special Interest Group SIG 1 Language Learning and Education, I write to express our support for the Audiology & Speech-Language Pathology Interstate Compact (ASLP-IC). SIG 1 is one of a group of 19 special interest groups that allow members to promote specific professional interests among members and to develop communication and networking in diverse professional settings.

The American Speech-Language-Hearing Association (ASHA) is the national professional, scientific, and credentialing association for 204,000 members and affiliates who are audiologists; speech-language pathologists; speech, language, and hearing scientists; audiology and speech-language pathology support personnel; and students.

Interstate occupational licensure compacts are game changers for professions that want to reduce barriers for practitioners. Like compacts that already exist for nurses, physical therapy, physicians, psychologist and EMTs, ASLP-IC, will enhance licensure portability while simultaneously improving the ability of state boards to protect consumers.

We understand the ASLP-IC will benefit consumers, members and the professions by:

- increasing access to care for patients, clients, and/or students;
- facilitating continuity of care when patients, clients, and/or students relocate or travel to another state; and
- allowing military personnel and spouses to more easily maintain their profession when relocating.

SIG 1 is excited to support this opportunity for our members. We look forward to supporting the ASLP-IC.

Sincerely,

*Nichole Mulvey*

Nichole Mulvey  
SIG 1 Coordinator
