Dear Mr. Logsdon:

On behalf of the Department of Speech, Language, and Hearing Sciences at the University of Colorado Boulder, I am writing to express our enthusiastic support for the Audiology & Speech-Language Pathology Interstate Compact (ASLP-IC).

Our department is committed to providing our students with the highest quality education and preparing them for successful careers in the field. We believe that the ASLP-IC will be instrumental in achieving this goal by increasing access to services, facilitating continuity of care, and streamlining licensure processes.

We are confident that the ASLP-IC will benefit our students, our profession, and the countless individuals and families who rely on audiology and speech-language pathology services. We urge you to continue your efforts to advance this important legislation.

Sincerely,
