Section 10: Rulemaking

9.0 Purpose:

Pursuant to Section 1, sub-section 4, the purpose of the ASLP-IC is to facilitate interstate practice of audiology and speech-language pathology with the goal of improving public access to audiology and speech-language pathology services. One of the ASLP-IC's objectives is to (4) support spouses of relocating active duty military personnel.

Pursuant to Section 6, active duty military personnel, or their spouse, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change their home state through application for licensure in the new state. The purpose of this rule is to ensure compliance with Section 2(A) and Section 6 and delineate procedures for any corrective action, as authorized by Commission rules, when an individual fails to submit the required documentation of military status, as specified under the Commission policy on Military Identification Submission for Audited Applicants. (Refer to Commission Policy on Military Identification Submission for Audited Applicants).
